

Activa Damp

- Microfiber mop for dry and damp cleaning
- For normally soiled floor surfaces

A Nordic Ecolabelled micro mop for normally soiled surfaces. Suitable for all floor surfaces. The mop can be used both dry and damp. Recommended for parquet/laminate floors. Does not scratch the surfaces.

Activa Damp is also available without a wreath (Activa Damp Light) and works great as a polish spreader.

The mop cleans effectively with just water. The wreath is an effective dust collector and the mop picks up dirt over the entire width.
