

Activa Effect Klippt

- Mop for tough environments
- Durable
- Short loops in the middle and short cut wreath

A Nordic Swan Ecolabelled mop for damp and wet cleaning. It cleans effectively on both smooth and structured floors. Activa Effect Klippt has a short, cut wreath and looped fabric in the middle part. The velcro is of high quality and retains its properties through many washes.

The loops allow the mop to pick up both fine and coarse dirt with the same high capacity and reach deeper down on structured floors, which increases the cleaning effect. Activa Effect Klippt is a mop with a long durability, perfect for harsh environments.

Activa Effect Klippt mop is available in three sizes (30, 40 and 60 cm) and cleans effectively with just water. It does not scratch the surface. Wash according to washing instructions for best durability (Activa Ready guarantee).

Product information	
Material	Polyester / viscose / cotton
Use	Damp and wet cleaning, perfect for high-traffic surfaces such as entrances and stairs.
Color	Grey / white
Washing instructions	 <p>Lower the washing temperature to protect the environment.
