

Activa Effect Looped

- Mop for tough environments
- Durable
- Looped wreath / looped middle part

A Nordic Swan Ecolabelled mop for damp and wet cleaning. It cleans effectively on both smooth and structured floors. The mop has a looped wreath and looped fabric in the middle part. The velcro is of high quality and retains its properties through many washes.

The loops make the mop pick up both fine and coarse dirt and it reaches deeper down on structured floors, which increases the cleaning effect. Activa Effect Looped is a mop with a long durability, perfect for harsh environments. Available in three sizes (30, 40 and 60 cm) and cleans effectively with just water. It does not scratch the surface. Wash according to washing instructions for best durability (Activa Ready guarantee).

Product information	
Material	Polyester / viscose / cotton
Use	Damp and wet cleaning, perfect for high-traffic surfaces such as entrances and stairs.
Color	Grey / white
Washing instructions	 <p>Lower the washing temperature to protect the environment.
