

Spend less time cleaning by using Scotch-Brite™ Scour Pads and Sponges.

Scotch-Brite™ Scour Pads and Sponges with POWER DOT Technology.

Unique power dot technology applied to three different scouring pads – to help you blast through tough baked-on or burnt-on soils faster and more effectively. This technology allows for quicker rinsing and minimises trapped food particles, keeping the scouring pads cleaner longer.

It's two pads in one!

Low scratch power dots cut through burnt-on and baked-on food faster with less visible scratching.

Proprietary hexagon shape is a better fit in your hand, and the extra corners help clean hard to reach areas.

Reverse side removes smaller food particles to finish the job and move on.

Now there's a POWER DOT solution for every tough mess in your kitchen:

Scotch-Brite™ Low Scratch Scour Pad 2000HEX

Helps maintain the appearance of delicate cooking surfaces and fixtures such as water faucets, drinking fountains and sinks.

Scotch-Brite™ Low Scratch Scour Sponge 3001HEX

Great for countertops, fixtures, baseboards and water fountains. Tough on soils – easy on surfaces.

Scotch-Brite™ Dual Purpose Scour Pad 96HEX

The original! Ideal for baked-on foods in pots and pans, casserole dishes and other aluminium surfaces.

Scotch-Brite™ Scour Sponge 96HEX-FL

3-in-1 scour sponge with a foam laminate core to hold suds and power through tough kitchen messes.

Experience the POWER DOT difference!

The HEX family of scouring pads and sponges offers four unique products, each designed to help you take on a different cleaning task.
